

Design your own board and be part of the game

Your drawing can be about a country, city
or village, you choose.

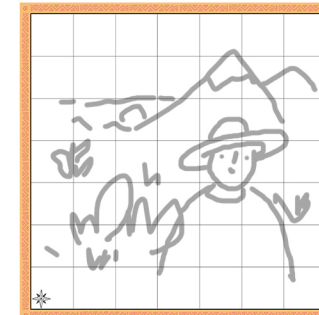

Ex:

1°

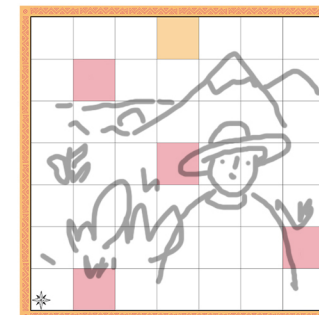

Make a drawing.
You can use color if you want.

2°

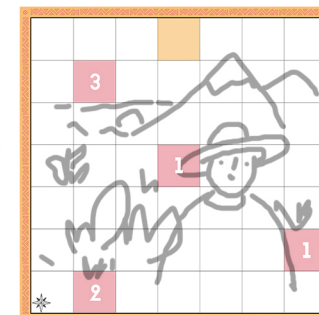

Join the lines to create
a grid.
Try to use a thin pen.

3°

Select 5 squares, whatever you
want. 1 yellow and 4 pink.
The yellow square is the bridge,
so it has to be on the line
from above.

4°

Put these numbers in the
pink squares:

1 1 2 3
